

GHP-400A

Street Style Headphones

GHP-400A is the latest compact headphone system from Genius that is super lightweight. The headphones come with 40mm driver units providing deep bass and good sound quality. The midsize ear cups cover your whole ear to reduce ambient noise. The lightweight and deluxe soft ear cushions enable you to wear your headphones for as long as you like in comfort. GHP-400A comes in two trendy colors in blue and yellow on each side of the ear cups to give it a street style design that appeals to the young generation. Just contact your sales representative for more information about GHP-400A.
