

HS-02S

Lightweight Internet Chat Headset

Genius now presents its latest lightweight headset, HS-02S, to make conversation through the Internet easier. With a stainless steel headband, HS-02S is lightweight and comfortable while wearing. The adjustable microphone delivers much clearer sound performance. And the in-line volume control lets you adjust the volume without fumbling with your PC or notebook. HS-02S is great for chatting on MSN, Skype and other Internet chat programs. For more information, check with your sales representative about picking one of these headsets up.
